EXAMINER'S REASONS FOR ALLOWANCE

1. Claims 45-73 are allowed.

Examiner's Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

2.1 As regards independent claims 45, 55, 57, 65, 69 and 73 and using independent claim 45 as an example, the following limitations, in combination with other limitations are neither anticipated nor made obvious by the prior art, *"a hardware component simulation system, comprising; a first portion operable to represent at least a current lens system of the corresponding machine vision inspection system, including depth of field of the lens system"*.

Applicant's persuasive argument, presented on page 5 of the 12/23/2005 responses in combination with the expressly claimed limitations as cited herein are persuasive and the Examiner withdraws all previously applied prior art rejections.

2.2 Dependent claims 46-54, 55, 56, 58-64, 66, 67, 68 and 70-72 are allowed for at least the reason that they depend upon an allowed base claim.

2.3 Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
